***New Beginnings* Pregnancy Center Undergoes Name Change**

(Warrensburg, MO) –*New Beginnings* Pregnancy Resource Center located at 208 East Gay Street in Warrensburg has undergone a name change to *New Beginnings Women's Center*.

“The name change evolved when we began exploring ‘who and what’ *New Beginnings* truly is. Yes we are a Pregnancy Resource Center, but above that we are also a pro-woman center. We empower our clients with information to make important life-changing decisions,” says Patti White, *New Beginnings* Executive Director.

The board approved the name change in a recent meeting, along with the adoption of a new logo and expanded hours. *New Beginnings* has also launched a new webpage at www.PregnancyOptionsNow.org

“Since we opened our doors in April of 2005 we have seen over 350 individuals,” says White. “We have days when we have a full waiting room. With such a tremendous need for our services in the community we have found it necessary to be more available, thus we have expanded our hours.”

New Beginnings is open on Mondays and Thursdays from Noon – 7 p.m. and on Wednesdays from 1 – 3 p.m., and will also open for appointments on a request basis.

New Beginnings provides free services for young women in unplanned pregnancy situations such as: counseling, pregnancy testing, ultrasounds, material needs, childbirth and parenting classes. Other services include STD and abstinence education, post-abortion support, and sexual integrity classes.

For more information on *New Beginnings* Women's Center call 660-747-3593 or the hotline at 660-429-3800.
